YWAM

Serve - Educate - Develop

# ONE Nation Generation

Jesus said go bear fruit that remains. Every fruit has the ability to multiply itself. Each apple has a different amount of seeds; each seed can multiply itself into a tree that produces hundreds of fruit with thousands of seeds that can become an orchard of trees. But in order to multiply seeds to trees, the key is good soil.

Every good story starts with a context and a conflict. The Khmer Empire was one of the most expansive Asian kingdoms in the 8th century for hundreds of years. What once was an empire was completely devastated through the overflow of the Vietnam war, a military coup and the atrocities of the Khmer Rouge which killed 2-3 million people and caused the soil of this nation to be blood soaked for three decades. But God is restoring the soil of Cambodia in this generation, and what once was considered the killing fields, He now is turning into the living fields.

A seed of vision birthed YWAM Battambang with a picture of a map of Cambodia. A fire started in 2006 in Battambang that grew and spread throughout Cambodia and into the surrounding nations. That seed of vision has become fruit with seeds, which has multiplied into trees and orchards that are bearing fruit that remains.

We want to invite you to be a part of this story of multiplication and restoration...

To see a nation transformed from the Killing Fields to the Living Field...

# One Nation in One Generation!

# FROM CAMPS TO THE CAMPUS

Rady was born in a refugee camp in Thailand shortly after the Khmer Rouge lost power. In the late 90's Rady was a **hopeless, near-suicidal** man before Jesus transformed his life.

Rady was created to be a missionary as he **immediately** began riding the train up and down the western side of Cambodia sharing the Gospel.

The next year Rady was a part of the first YWAM DTS to **raise up Cambodian missionaries** in Phnom Penh, Cambodia.

Fifteen years later Rady has been one of the many Khmer pioneers to pave the way for a **Cambodian mission's movement** that we are experiencing. Now he helps oversee YWAM Southeast Asia as an Elder in our Region and strategically develops all of the evangelism ministries as our Campus Evangelism Director.

For more information go to <https://uofnbattambang.com/campus> or email [info@uofnbattambang.com](mailto:info@uofnbattambang.com)

# CAMBODIA'S HISTORY

The Khmer are a beautiful and gentle people rich in history, talents and giftings. In the 1950's Phnom Penh became known as the **Pearl of Asia** and the country began to have numerous production factories. At this time with Singapore becoming independent and South Korea trying to recover from the Korean War, both **countries sent delegations to Cambodia to learn** how to develop their nations in the midst of the Asian landscape.

In the late 1960's the Vietnam War began to spill over into Cambodia and began to bring **death into a nation**. In 1975 the Khmer Rouge overthrew the government of Cambodia & committed **one of the vilest genocides** the world has ever known, killing an estimated **two to three million people** including virtually all of the educated population. Although the Khmer Rouge lost control in 1979 they continued to fight back until 1997, causing the country to be **war-torn for over twenty years**. Political instability has continued into the new millennium and the genocide has **marked the Cambodian people to this day**.

## AS A RESULT OF THE GENOCIDE:

of Cambodia  
is under 15  
years old

of Cambodia  
is under 22  
years old

# CAMBODIA'S WINDOW OF OPPORTUNITY

Although Cambodia is enjoying rapid development and economic growth there are **still many challenges** and needs that the Khmer must overcome. This is a **window of opportunity for the Gospel to bring hope** to the needs of a nation in this generation.

5 Million  
Cambodians are  
malnourished

6.3 Million  
do not have clean drinking  
water

Only 44%  
of Cambodian Children are  
educated beyond primary  
school

Think about the  
implications of this:  
**The Opportunity to  
Educate, Equip, &  
Empower a Nation in  
One Generation**

58%  
of the population do not have  
basic sanitation facilities  
(47% practice open defecation)

72%  
of the population live on  
less than \$3 per day  
(41% less than \$2 per day)

32%  
of Cambodians have  
moderate or severe  
stunting of growth because  
of malnutrition

# ONE NATION IN ONE GENERATION

Throughout history there have been **windows of opportunity** for the Body of Christ to bring the Gospel to nations at key times. At times Christians have seized the opportunity and at others we have missed it. How we respond now will determine the destiny of nations. **Can a Nation Be Transformed in One Generation?** Yes! If we seize the Window of Opportunity.

Is it possible? In the 1950's Korea was in a similar situation to contemporary Cambodia.

## SIXTY YEARS AGO:

- Korea was coming out of war
- Korea was highly culturally Buddhist
- Korea was one of the poorest nations in the world
- Korea was lacking in the areas of education, healthcare, and basic infrastructure

## TODAY:

- South Korea is about 30% Christian
- South Korea is the 14th richest nation in the world
- South Korea sends the second largest number of Christian missionaries
- South Korea is one of the most educated nations in the world, with world-class standards of healthcare, excellent infrastructure, and a commitment to human dignity and equality for all people

So, how was South Korea transformed in one generation? **The Body of Christ seized the opportunity in South Korea.** Unfortunately, the window of opportunity was closed in North Korea and the people labor in poverty and human indignity to this day. Sixty years ago both Koreas came out of the same history and yet they have walked into two completely different futures. **What was the difference? The power of the Gospel to Transform a Nation in One Generation!**

For more information go to <https://uofnbattambang.com/campus> or email [info@uofnbattambang.com](mailto:info@uofnbattambang.com)

# WHAT WILL BE CAMBODIA'S DESTINY?

*"In the 1980's Cambodia was the North Korea of our time. It was the darkest, most destroyed country which was completely closed and to imagine that there could be a ministry like YWAM Battambang in our lifetime was unfathomable."* – John Dawson, Former YWAM President Global Elder, August 2018

Cambodia's Window of Opportunity is now. What will be its destiny?

A South Korea? Or a North Korea? **Will you help?**

# KHMER GOSPEL BEGINNINGS

The Ellison family were **the first protestant missionaries** to bring the Gospel to Cambodia in 1923. It was in Battambang at the downtown market of Psa Nat where the **first Khmer became of a follower of Jesus**. He then returned home and quickly led his family and other relatives to following Jesus, and **so the first churches were then planted in Battambang**. By 1932 the first Bible School was started in Battambang solidifying the city as a foundational place for the inception and spread of the Gospel in the first generation of Khmer Christians.

The Ellison's had a **son who mentored Pastor Keo Pahn** and it was this **same man** who God used as **man of peace for YWAM in 2005**. With Pastor Keo Pahn's help many doors were opened in the city with the government and helping to initiate YWAM's initial forms of ministries. Therefore, **YWAM in Battambang has a direct relational connection to the beginnings of the Gospel in Cambodia**. In this generation **God is again using Battambang as a strategic place** for the nation and region to spread the Gospel to the unreached and we believe that the best is still yet to come.

1st Missionaries Ellison Family to Cambodia in 1923 started in Battambang.

1st Khmer Bible School Graduates.

Khmer Christian Youth Camp.

# RESTORATION – REDEMPTION - REVIVAL

The refugee camps in Thailand during the 1980's were a place of survival for the **Khmer fleeing from the Pol Pot regime**, but also became a place of equipping. YWAM along with many other Christian organizations invested intensely and saw a move of God with 100,000's of Khmer becoming followers of Jesus. **Thousands were then trained and prepared to go back into Cambodia to begin to share the Gospel and plant churches.** In 1991 when the United Nations re-opened Cambodia and prepared to hold elections, millions of Khmer flooded back into their home nation and amongst the returnees were thousands returning as reformers of the Gospel. The result of the move of God in the refugee camps was rapid growth of Christianity that caused Cambodia to be the 9th fastest growing in this millennium.

A YWAM Children's Ministry in one of the Khmer Refugee Campus in Thailand.

YWAM in Battambang was initiated out of God's heart to see the nation of Cambodia restored as God turns what was intended for destruction and redeems this nation in this generation. We believe transformation can only happen when Khmer lead the way, therefore the ministry of YWAM exists to **raise up Cambodians as leaders to bring the hope and truth of Jesus to this nation in this generation.**

## REDEMPTION

*"You intended to harm me but  
God used it ALL for good."*

– Genesis 50:20

# YWAM BATTAMBANG GROWTH

In 2005 a short-term **team of 10 young people** came to Battambang. Today YWAM Battambang has **110 full-time staff** and **over 60% are local Khmer** leaders serving and reaching their own people with the Gospel. This dream of God is now in full motion as the ministry now runs **8 trainings schools and 10 ministries**. In addition to this over the last several years we have started to send out long term pioneering mission teams to pioneer new ministries in Cambodia and around Asia.

Equipping to  
**Empower**  
**Communities**  
in Battambang,  
Cambodia, and  
throughout  
Southeast Asia

# WHAT MAKES US UNIQUE?

- All of our staff and volunteers **raise their own financial support**
- **We are sustainable.** All of our operating costs are covered by staff and volunteer-raised support and fees charged for the training schools
- **All finances given** to our Campus Project will go **100%** to the Campus
- We are **completely debt-free** and are committed to being debt-free
- The staff we train desire to see their **communities and nation transformed**

## What YWAM Battambang Does

SERVE - TRAIN – DEVELOP

**Equipping** and **Empowering** Communities  
in Battambang, Cambodia & Southeast Asia

# SERVE: COMMUNITY TRANSFORMATION

This ministry is reaching 4 different communities through a holistic approach including: health education, church planting, children's education and a child sponsorship program.

## **CHILD SPONSORSHIP PROGRAM:**

Our child sponsorship program support 30 children affected by HIV/AIDS to keep them in their family, in school, on the correct medicines and educated about the disease, all in order to help break the poverty cycle in their family

## **CHURCH PLANTING:**

Through these services of health, education and sponsorship we intentionally share the love of God and hope of the Gospel and plant churches in these villages.

## **FAMILY HEALTH AND SUPPORT:**

Our team provides health training to families in impoverished villages to educate and empower them in a healthier lifestyle.

## **UNIVERSITY STUDENTS MINISTRY:**

Battambang has 14 Universities and over 20,000 students. Each university student is in a significant season in life that will determine their future. The University Ministry reaches students through a dorm where students can stay, relationally connecting with them on Campus, as well as running Alpha Courses to share the Gospel.

## **CAFÉ EDEN:**

A restaurant we operate in the heart of our city that creates jobs by employing about 30 staff. It influences the business sphere of society, is a gathering hub in the community and then donates profits back into missions.

## **NEW SOUND:**

Training Khmer musicians and worship leaders to write original music in their own language, New Sound has written, recorded and produced 15 original songs over the last several years.

For more information go to <https://uofnbattambang.com/campus> or email [info@uofnbattambang.com](mailto:info@uofnbattambang.com)

# EDUCATE: COMMUNITY CENTER

Our Community Center draws in hundreds of people weekly with a variety of educational and sports programs that are reaching different generations. Through these projects we are able to empower the next generation of Khmer as well as share with them the love of Jesus.

## **YOUTH DEVELOPMENT CENTER:**

Educating 300-400 youth each quarter in Battambang ages 14-28, the YDC is a supplementary school that teaches 12 levels of English credentialed by the government alongside other electives, in order to empower students into their future careers while sharing the hope and truth of Jesus.

## **FITNESS BATTAMBANG:**

A Functional Fitness Gym that runs as a part of the Community Center to educate about fitness and health to empower the Khmer and those in long-term ministry to stay healthy for life.

## **COMMUNITY LIGHT PRESCHOOL:**

60% Of children in Cambodia don't start going to school until after age 5. This Preschool creates an option for all kids to begin their educational process while teaching from a Biblical curriculum that gives the children a foundation that God values them.

## **CORNERSTONE LEARNING CENTER:**

An international primary school that was recently started out of the need of having a high level of education for children in Battambang. This school creates the opportunity for Khmer and International children to learn together while getting a quality education that will open doors for their future education and careers.

## **SALT (Sports & Leadership Training):**

Primarily a soccer project focused on using sports to reach out the youth in Battambang. SALT facilitates male and female leagues for 600 youth ages 12-20. As well as facilitating a "Mighty Girls" premier team that trains these women for the Cambodian National Team, while empowering them with life skills for their future.

For more information go to <https://uofnbattambang.com/campus> or email [info@uofnbattambang.com](mailto:info@uofnbattambang.com)

# DEVELOP: UNIVERSITY OF THE NATIONS TRAINING COURSES

The University of the Nations functions as a global university with over 750 locations in 160 nations. YWAM in Battambang is the largest U of N Campus in Southeast Asia. U of N Battambang has educated over 2,000 students through a variety of courses over the last decade. This page shows just a few of the training schools that are available here.

## **DISCIPLESHIP TRAINING COURSE:**

A missions trainings school which emphasizes core Christian values in order to equip Cambodians for long-term ministry and missions. In this 6-month course all students get in-class training as well as lots of hands-on ministry experience in Cambodia and in the surrounding nations.

## **SCHOOL OF BIBLICAL STUDIES:**

A 9-month intensive Inductive Bible School taking future missionaries through all 66 Books of the Bible while understanding the historical background and context, and helping the students to correctly interpret the Bible. Not only do the students know the Bible well, but they have a tool that enables them to study the Bible for the rest of their lives.

## **TITUS PROJECT:**

A follow-up course to the SBS, Titus empowers SBS graduates in teaching & preaching the Bible. After the training there is outreach, teaching Bible seminars all over Cambodia & the surrounding nations, to help the students develop and refine their teaching & preaching skills, as well as training others to know the word of God.

## **WORD BY HEART:**

Truth By Story. The fastest growing school in YWAM globally, is training story tellers; bringing the words of Jesus to life by bridging cultures and languages. This a powerful tool in Asia as most cultures are based on oral learning. Students are able to understand most effectively when stories are presented through oral and dramatic presentation.

## **SCHOOL OF MISSIONS:**

The School of Missions equips students to go into long-term ministry to reach the least, the last and the lost with the Biblical principles and practical experience to succeed long-term in missions among the unreached.

Students at the U of N Battambang can receive a AA degree which can be transferred to finish a Bachelor's Degree locally & internationally.

# IMPACT

*"I chose you and appointed you to go bear fruit that will remain."* – John 15:16

Over the last 12 years YWAM Battambang been training up Cambodians which has resulted in:

**2,036** Cambodians trained through 8 different Christians missions training schools

(Official Record of U of N Registrar December 2018)

**20,000+** Youth ages 15-25 educated at our Youth Development Center

**1,000+** at-risk children being taught Christians core values and loved

**54** Preschoolers given a Christian Education at Community Light Preschool

**25** Long-Term Missionaries sent out to 3 unreached provinces in Cambodia and 3 other Asian Nations

**70+** Cambodians trained and employed at Café Eden

**50+** children and families suffering with HIV/AIDS assisted, educated and supported through life's trials

**500+** People weekly attending 10 planted churches. 1 on Campus and 10 in village house churches.

**6,000+** Trained in inductive study methods.

**8** Training schools raising up the next generation of Khmer to bring transformation.

# A STRATEGIC REGIONAL RESOURCE HUB

In 2006 when the initial long-term staff of 5 prayed into the future of YWAM Battambang, God spoke that it would **become a “Regional Resource Hub.”** Although Battambang was the 2nd largest city in Cambodia, without an airport and compared with other Southeast Asian cities **this thought was humorous to say the least.** The Regional Resource Hub has **expanded exponentially** because of the infrastructure of the Campus and the momentum from over a decade of ministry.

Here are some of the events that have been hosted in **just under 2 years** of the new Campus:

## **YWAM DNA LEADERSHIP COURSE** (January 2017):

Over 400+ long-term missionaries from all over Asia came to our Regional Hub representing 40+ nations and 90+ languages. This 2-week leadership training course equipped these full-time workers as well as created strategic partnerships throughout the region.

## **SBS HUB GATHERING** (June 2017):

Nearly 100 SBS Leaders and Staff from all over Asia and Australia came together for training to further develop the biblical training in this region. During this time key partnerships were formed to continue to see greater impact of Biblical training throughout Asia.

## **BATTAMBANG POLICE EMERGENCY RESPONDER TRAINING** (March 2018 & 2019):

A mission team came and partnered with the Battambang Police Department to provide a week long First Responder Training including CPR & rescue training.

## **ASIA LEADERS LEARNING COMMUNITY (ALLC) LEADERSHIP SUMMIT** (January 2019):

This multi-generational leadership summit facilitated over 180 participants with over 40 Elders. This learning environment empowered the passing on of leadership & wisdom to the next generation.

## **CAMBODIAN CHILDREN'S CAMP YOUTH WORKER TRAINING** (March 2018):

500 youth from almost every church in the Northwest of Cambodia were trained for a week to empower them to run Children's Camps. These camps reached 1000's of kids throughout rural Cambodia with the Gospel for the first time.

## **CHURCH PLANTING SEMINARS:**

Numerous church planting seminars for YWAMers and for the churches in the Northwest have been hosted at the Campus.

For more information go to <https://uofnbattambang.com/campus> or email [info@uofnbattambang.com](mailto:info@uofnbattambang.com)

# YWAM CAMBODIAN LEADERS EMPOWERING CAMBODIA

Children at Risk  
**Thera Pich**

Thera is married with 3 kids and has been reaching out to children at risk with YWAM since 2008.

School of Biblical Studies  
**Rothana Brak**

Rothana is married and has been working with YWAM since 2011 and leads the School of Biblical Studies.

Campus Development  
**Seang Ly**

Seang is from Battambang and was the first Cambodian on staff in 2006 and has helped oversee the 13-acre Campus Development project.

Discipleship Training  
**Sophea Un**

Sophea was born and raised in Battambang and helps lead our Discipleship Training Schools.

New Sound  
**Sita Khat**

Sita was born and raised in Battambang and helps lead New Sound ministry as well as leading worship for the Community Light Church.

School of Ministry Dev  
**Sophat MOUNG**

Sophat is married with two children, he has been with YWAM since 2011 and he leads the School of Ministry Development.

Preschool  
**Synuon Kuo**

Synuon is married with one child, has been with YWAM since 2010 and helped to pioneer and lead the Preschool.

SALT Soccer  
**Socheat Meas**

Socheat helps lead SALT soccer ministry and has been with YWAM since 2012.

Executive Administrator  
**Rina Sou**

Rina has been with YWAM since 2010 and helps administrate for multiple leadership teams and assists the leadership of the Campus.

For more information go to <https://uofnbattambang.com/campus> or email [info@uofnbattambang.com](mailto:info@uofnbattambang.com)

# A CAMPUS FROM LOAVES & FISH

Since the ministry started in 2006 YWAM Battambang's Leadership felt God wanted to give us a permanent location that would consolidate our ministries into a Campus and Community Center. In 2011 God started to provide the fish and the loaves to lead us forward. A U.S. professional architectural firm volunteered to design a whole campus pro-bono and a Swiss engineer working in Cambodia for over 20 years volunteered to help oversee our project. This was a sign that stirred our faith to believe that the timing for the long-term property had come.

God clearly led us to a 13-acre property and miraculously touched the Buddhist land-owner who said "because you are educating our youth and developing our community, I am going to sell this property for 1/3 of the market value." We needed \$750,000 USD to make the purchase but we only had \$5,000! We then asked "God how are You going to provide?" and God spoke, "you must give sacrificially before you tell anyone about this need."

The next week Rady shared with our community from the story of the multiplication of the loaves and fishes. He said, we need to be like the boy in the story, "if we give all, Jesus will multiply." The next week our staff and students gave with extravagant sacrifice... and over the next 8 months God provided all of the finances through the generosity of our staff, friends and supporters of the ministry here. By the end of 2012 we owned this permanent property for YWAM Battambang Campus debt-free!

*"If we give all, just like the story of the little boy with the fish and the loaves, Jesus will multiply."*

– Rady Huch, YWAM Battambang Evangelism Director.

# MULTIPLICATION TO SEND OUT

YWAM is believing to have a ministry presence in all 25 provinces in the Kingdom of Cambodia. Over the last several years we raised up and sent out teams to pioneer in 3 unreached provinces including Poipet, Pailin and Preah Vihear. We currently have ministries in 13 of the 25 provinces and are training more to go pioneer new ministries in the remaining 12 provinces.

POIPET

PRAYA  
VIHEAR

PAILIN

## **PAILIN:**

In this town where the Khmer Rouge retreated after they lost power, in 2 years our team has grown to over 15 full-time staff running a Youth Development Center with over 200 students, running kids programs and planting churches.

## **POIPET:**

In this Thailand border town known for gambling, drugs and human-trafficking our team is running a Youth Development Center, partnering with numerous churches and ministries and teaching English in several schools.

## **PREAH VIHEAR:**

In the early 2000's there were only 4 Christians in this whole province. Now our team of all Khmer missionaries are church planting, helping run a high school student dorm and mentoring new Christian couples.

### MYANMAR:

We have sent the first Cambodian missionary in history that is serving long-term to Myanmar and he now is training up the Burmese to reach their nation for Christ.

### CHINA:

We have sent several workers that are establishing new ministries in two different cities in this closed nation.

### LAOS:

A team of 4 including 3 Khmer has been sent to pioneer new ministries in this nation recently. Laos is in the top 10 countries in the world with the most unreached people groups.

From the beginning of YWAM Battambang in 2006 God highlighted the closed-communist nations of Laos, Myanmar, China and Vietnam as target nations to reach. It was also clear that God wanted to raise up Khmer as missionaries these nations. Over the last several years we have been able to send out long-term Khmer and International missionaries to start new ministries in China, Laos and Myanmar.

CAMBODIA

**Missionaries Sent  
from Cambodia  
to the Nations**

# CURRENT CAMPUS

In 2016 the YWAM ministries stop renting numerous buildings and relocated onto the campus. The first phase of the building project actually came under budget and with the approval from the Campus Leadership team and our Advisory Board we were able to build a public bathroom block and the first long-term staff blocks of apartments that were outside of the original Phase 1 Building Plans. We were also able to do separate fundraising initiatives for the gym, turf soccer field and grass soccer field to complete these as well!

The Campus now has the following improvements and capacities:

- **Housing for 250+ Staff, Students, Outreach Teams and Guests**
- **24 Classrooms that seat 35 students in each classroom**
- **A Cafeteria that can seat 500 at round tables for a meal or 1,100 for an event with chairs**
- **A growing sports facility with a functional fitness gym, soccer fields open to the community**
- **A playground with a small park area for children and families with public bathrooms open to the community**
- **The first educational development in Cambodia that has housing and a purification system providing clean water out of the tap**
- **A functioning recording studio**

# PHASE 2 CAMPUS DEVELOPMENT

The initial Campus purchase and development cost of \$1,000,000. The complete Campus Building Project for 13-Acres that included 25 buildings includes both a U of N Training Campus and a Community Education and Recreational Center was estimated at approximately \$13,000,000 USD. The Total Campus Development budget is:

Property Purchase and Site Preparation	
Property Purchase and Fill	\$750,000
Fence and Storm Drainage	\$250,000
<b>Property Purchase &amp; Development before Buildings</b>	<b>\$1,000,000</b>
1st Phase Building	
3 Dorms	\$866,000
Cafeteria	\$324,000
Training Center (24 Classrooms)	\$942,000
Infrastructure	\$658,000
Public Bathroom Block	\$30,000
Long-Term Staff Apartments	\$180,000
<b>1<sup>st</sup> Phase Building Total</b>	<b>\$3,000,000</b>
Sports Facilities Fundraised	
Fitness Battambang Gym	\$28,000
Turf Soccer Field	\$48,000
Grass Soccer Field	\$54,000
<b>Total Sports Facility Budget to Date</b>	<b>\$130,000</b>
<b>Total Investment of Campus to Date</b>	<b>\$4,130,000</b>

2 <sup>nd</sup> Phase Building Project	
3 Dorms *	\$900,000
Multi-Purpose Sports & Gathering Hall	\$500,000
U of N Classrooms and Offices	\$800,000
Auditorium & Cafe	\$1,100,000
1 Long-Term Staff Apartments	\$200,000
<b>Total 2<sup>nd</sup> Phase Building Budget</b>	<b>\$3,500,000</b>
<b>Total 3<sup>rd</sup> Phase Budget</b>	<b>\$5,500,000</b>
<b>Total Campus Development Completed</b>	<b>\$13,000,000</b>

**CAMPUS MASTERPLAN**

# YWAM BATTAMBANG LEADERSHIP

## Eldership Council:

The Eldership is responsible for the long-term vision of the Campus.

Founder & Executive Director  
**Garth Gustafson**

Garth was a part of the pioneering team that came to Battambang in 2005 and helps lead and bring longterm vision for the ministry.

Campus Director  
**Samphas Chea**

Samphas has been with YWAM since 2005 and oversees the day to day operations of the entire Campus.

Southeast Asia Regional Leader  
**Rady Huch**

Rady has been with YWAM since 2003. He has helped pioneer numerous ministries and helps bring eldership and leadership to YWAM in Cambodia, Vietnam, Laos, Myanmar, Thailand and the Philippines.

Eldership Council  
**Channoeun San**

Channoeun has been with YWAM since 2008 and he leads the Community Light Church planting network.

Eldership Council  
**Kovonne San**

Kovonne has been on staff with YWAM since 2010 and helps mentor young women in the ministry.

Eldership Council  
**Pheap Pot**

Pheap has been with YWAM since 2012 and helps oversee the Kitchen so we all have delicious food!

Eldership Council  
**Phally Chea**

Phally did the first DTS in Battambang in 2007, helps lead the small groups in Community Light Church and mentors many women in the community.

# GOVERNMENT SUPPORT & OTHER ENDORSEMENTS:

When YWAM in Battambang began, we intentionally sought government support and our relationships with the local Cambodian Government authorities in Battambang have strengthened over the years.

**Chan Sophal**

Former Governor and Head of the Political Party for Battambang Province

"I deeply appreciate and want to thank YWAM in Battambang for their partnership with Battambang as a city and the government officials as this is an example of success in working together for the future our city and nation."

**Sim Vattha**

Head of Construction for Battambang Land Department

"I support and enjoy partnering with YWAM Battambang because they are developing our community and educating our youth. As a professional overseeing construction in our city I am also proud that YWAM is building a Campus that is the highest standard and designed beautifully which makes us in Battambang proud."

**Khem Reaksmeay**

Founder and CEO of Dewey International School, Battambang

"I see that YWAM Battambang is helping to educate youth that would not have an opportunity to have a better future, to develop their community and see their nation transformed. YWAM also sends the Khmer youth to impact other provinces and nations that gives them a bigger worldview that enables them to learn from others in order to improve the nation of Cambodia."

**Mom Sam**

Deputy Director, Department of Education Youth and Sports, Battambang Province

"YWAM Battambang is empowering our children and youth to love to study and education is becoming a tool for their future."

# RESPONDING TO GOD

Throughout history God has always called his people to respond. When His people have responded in obedience nations are changed and history is transformed.

In the Old Testament Israel is delivered from Egypt and Israel is redeemed from Babylon.

In the New Testament Jesus response provides salvation for humanity and the disciples response catalyzes an apostolic movement as the church that changes the world.

Progressing through history, Martin Luther and the reformers response transformed Europe and in more recent times, the Body of Christ's response in bringing the transformation of South Korea in one generation!

Now the question is: **How will the Body of Christ Respond to this window of opportunity in Cambodia?**

## How will YOU respond?

All of us can respond in different ways to God. Some need to go and some need to help send through prayer and finances. How will we respond? Will we volunteer like Isaiah and say, "Yes! Me God! I will Give, I will Go, I will sacrifice to make Your plans God come true?"

When we look at the vision that God has given YWAM Battambang, it is huge and that is because God sees the big picture and He is a big God with big plans for Cambodia and Southeast Asia. **In the midst of a huge vision, God uses normal, ordinary people to come together to accomplish His plans.** All of us can choose to respond like Isaiah and volunteer.

Here are some ways that you can join with what God is doing in Cambodia to see Redemption, Restoration, and Revival:

- **BRING A WORK TEAM TO HELP BUILD THE CAMPUS**
- **GATHER A PRAYER TEAM TO PRAY WEEKLY FOR THE CAMPUS PROJECT**
- **GIVE FINANCIALLY TO HELP FUND THE CAMPUS**

# OUR GOD OF MULTIPLICATION

In 2012 YWAM Battambang took their loaves and fishes of \$5,000 and signed a legal contract for \$750,000 not knowing how God would provide. Staff then gave sacrificially in response to God's guidance and the vision that he had led them into. Six years later those few fish and loaves have indeed been multiplied nearly one thousand times over as God has provided over \$4 million in the last 6 years.

Would you **prayerfully consider** how God would lead you to partner in His miraculous multiplication while **transforming One Nation in One Generation?**

Giving Options:

**WRITE A CHECK TO:**

YWAM Battambang Cambodia Friends  
PO Box 1689  
Yakima, WA 98907

**GIVE ONLINE:**

<https://uofnbattambang.com/donate>

(Checks avoid ALL service fees of PayPal, etc.)

Phase 2 Currently needs  
\$3.5 million

God is changing Cambodia **from the killing fields to the Living Fields** in this generation. Will you plant a seed that will bear much fruit to see One Nation transformed in One Generation?
